To Whom It May Concern:

I am very happy to be able to recommend Country House for consideration as your school's food service.

Like many schools, Marist High School had used the services of one of the larger food service providers for many years. As time went on, we felt that they were taking us for granted. There was little change and innovation, and we felt it was time to make a change.

Because Country House is based in our local area, we were willing to consider them because of their reputation. Because of that reputation, we felt that they would be a good fit for Marist and would work hard to enhance and grow their reputation based on the response of our students, faculty, and staff. Country House has not let us down!

The 2018-2019 school year marks our fourth year with Country House. The Country House management team of John, Paul, and Dave Boundas and Dave Fussel has a very hands-on approach to the schools with whom they work. They are present here on a weekly basis, and they know exactly what is going on. In addition, the staff they have assigned here is excellent. We have a very talented and innovative cafeteria manager who is adored by her staff.

In our case, our relationship with Country House has proven that smaller and local is the basis of a wonderful relationship that benefits both Country House and Marist High School.

Sincerely,

Brother Hank Hammer, FMS  
President
