To Whom It May Concern:

Mother McAuley Liberal Art High School contracted with Country House for the start of the 2017-18 school year. The contract required Country House to take full responsibility of our kitchen, cafeteria line and grab & go café. I am extremely pleased to report that we have been delighted with the changes that they have instituted and very impressed with their proactive approach to providing quality delicious and healthy food choices to our students, faculty and staff.

Paul and Dave Boundas are extremely hands on. The check in routinely and make certain that all of our needs are being met. Our onsite manager, whose responsibility it is to train and supervise all personnel and deal with all of the day to day aspects of the food service is fantastic and has become part of the fabric of our school.

We have also transitioned most all of our event and extracurricular catering to Country House. Their willingness to understand our needs and exceed all expectations has become the norm.

The quality of their home made food is fantastic and we continually receive positive feedback from faculty, staff and students about Country House. Our sales have increased since our change to Country House and this of course had added more revenue to our bottom line.

It is with great enthusiasm that Mother McAuley highly recommends Country House to meet all of your food service needs. We look forward to a very long relationship with them. I would welcome the opportunity to speak with you directly should you have any specific questions.

Respectfully,

Terry Corcoran
Vice President of Administration and CFO
